Dear Patient,

It is important for you to know that even if you are covered by dental insurance, our professional services are rendered to you, and not your insurance company.

We will be happy to submit claims to your insurance company on your behalf for the dental treatment rendered that day at no extra charge. We request that you provide us with the correct and /or updated insurance information so that we can submit your claim promptly and correctly without the likelihood of denial.

If remains that patient's responsibility to know and understand the coverage offered by his/her own insurance. This is essential before any treatment is rendered to reduce the surprise of a claim denial. For example, some dental insurance programs provide limited coverage or a waiting period for oral surgery, crown and bridge procedures. There may also be certain procedures that are not a benefit of your plan. There are also provisions regarding who exactly is covered by your dental plan and when your plan terminates. We urge you to be fully aware of the provisions of your dental insurance policy.

Our services are offered on the understanding that you are financially responsible for the total amount of your account. Most insurance plans only pay a portion of the costs of your dental treatment. Therefore, we require that a payment arrangement be made before any major treatment is preformed. To arrange payment, please speak with someone at the front desk.

Any legal fees incurred, as a result nonpayment will be paid by the patient.

Thank you for your cooperation,

(Patient or Responsible Party Signature)
